This technical drawing illustrates a railway track layout, likely a station or a section of a line. The drawing is oriented vertically, with the tracks running from top to bottom. Key features include:

- Tracks:** Multiple tracks are shown, with red and blue lines indicating different sections or types of tracks. The tracks are marked with diamond symbols and numbers.
- Signals:** Several signal posts are depicted, including a large signal post labeled "C4a" near the top and another labeled "Z2" further down. There are also smaller signal posts labeled "A10" and "A15".
- Switches:** A switch labeled "Z2" is shown in the middle of the layout.
- Track Markings:** The tracks are marked with various symbols, including diamonds, circles, and lines. A pink dashed line is labeled "3. elapa" and "2. elapa".
- Dimensions:** A dimension line is shown with the value "1039150" and "100598".
- Other Features:** There are several "x" marks scattered throughout the drawing, possibly indicating specific points of interest or measurement. A large arrow points towards the bottom right corner.
